**Please join us on a one hour online call about Be Empowered, Bulletproof Training Institute's Advanced Coach Training and Leadership Retreat.**

Be Empowered is a three-day immersive and experiential retreat program designed to reconnect coaches with their own essential capacities for deep listening, powerful conversations and their deepest sense of purpose, and offer tools to bring them forth in themselves, their lives, their coaching and into the wider social sphere. During the retreat, participants will be invited to show up with radical, embodied presence and encounter the wild world in a way that is often deeply powerful, surprising and transformative for them.

**This Informational Webinar is a great opportunity to:**

- Meet three of the retreat facilitators: Rod, Ronit, & Laura
- Learn more about what we'll be doing, and the structure of the weekend
- Ask any questions you may have
